## New Reception area at Schott Glass UK

Oakfield Displays Ltd has undertaken further work at Schott Glass UK (part of the Carl Zeiss Group) following on from their recent meeting room fitting out contract in Stafford.

The Heanor based company has recently completed a new reception area complete with bespoke reception desk, doors and wall units. The 4 week contract was delivered on time and within budget utilising Oakfield's in house manufacturing and installation teams.

The installation was carefully planned and executed by Oakfield who had to work outside of the busy office hours to minimise disruption for the occupiers.

**09 June 2003**

**Distribution:** Derby Evening Telegraph, Burton Mail, Stoke Sentinel.
